Our New Year's resolution is to be your supplier of choice by making it easy to do business with us. We are committed to understanding your needs and responding swiftly. By working closely together, we aim to provide a consistent and reliable supply of construction materials, helping us build a better future together.

For your planning purposes, our product prices will increase as follows:

	Any Packaged products	\$0.35 per small bag or \$8.00 per bulk bag

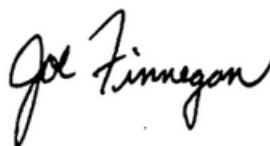

As a reminder, GCC will pass through freight rate increases as we receive them from carriers. If you rely on GCC to arrange delivery of our products to your facility, please contact your GCC representative to determine how your delivery may be impacted.

Thank you for your business, and best wishes for a safe and productive 2025!
